FINANCE

Our Society financial and cashflow positions have always been healthy and positive with cash balance of RM595,799. To mitigate high tax computation, SGSM had increased the Tournament expenses from RM89,170 last financial year to RM219,861 on this financial year. The increase on this portfolio had benefited the members tremendously. Despite the increase, SGSM still have to pay the tax on taxable income of RM41,158. More budget will be given on Tournament expenses through subsidized tournament fees for the members to benefit and enjoy. None, taxable income like entrance fees for new members and strategic sponsorship should be aggressively marketed to sustain a healthy cash flow and to finance SGSM activities.

ACKNOWLEDGEMENT

I would like to express my sincere appreciation to all Golf Clubs throughout Malaysia who continue to provide the best green fees to the association and also to SGSM members throughout Malaysia who have supported the events that has been organised.

.To the members of the SGSM Association who have participated in the various golfing activities organised by the Association during period of year 2023, I would like to thank you for the continued support.

Finally, I would like to take this opportunity to express my sincere appreciation to my colleagues on the Council and the Executive Committee and to the members of the Subcommittee and Staff of the Association for the continued support and cooperation they had given me in carrying out my duties as President. Their dedication has made SGSM now more well-known than any other sports association in the country.
